

Get involved!

## Join NSPSS Today

NSPSS is a link to other soil scientists and a source of materials you can use to make others aware of the importance of soil resources, soil investigations, and soil data. Join now and become a part of NSPSS. We need **YOU** to help us be the best we can be while informing others about soil data, soil scientists, and the services and products they provide.

Help NSPSS build for tomorrow and be responsive to our society's needs today! We encourage you to join our organization and to become actively involved with our members as they strive to provide quality soils information and services to all customers.

All categories of members (active, student, affiliate, and honorary) are encouraged to serve on NSPSS Committees. NSPSS is only as great as its members!

Only active members may serve as NSPSS officers or as members of the Board of Directors.

All classes of membership are invited to attend all meetings, training sessions, and special meetings, and tours of the Society.

## About NSPSS

Nebraska Society of Professional Soil Scientists is a group of professional soil scientists and others who support the Society in its goals, objectives, and activities.

The NSPSS Board of Directors meet on a regular basis to carry out the Society's business and to plan and direct projects of the Society. Board of Directors' meetings are open to all members of the Society.

Join these folks lining up to become NSPSS members!!

NSPSS conducts a yearly summer tour focused on timely topics such as: soil management, soil taxonomy, wetlands and wetland issues, hydric soils, soil interpretations, and other topics closely related to soil science and related disciplines.

NSPSS strongly encourages all members to become certified in one of the many certification areas of the American Registry of Certified Professionals in Agronomy, Crops, and Soils (ARCPACS).

## ARCPACS Affiliated

Affiliated

The NSPSS is affiliated with ARCPACS (American Registry of Certified Professionals in Agronomy, Crops, and Soils) and each of the societies it represents. Each NSPSS member subscribes to the ARCPACS Code of Ethics through their membership in NSPSS.

## Membership Classes

(All dues are \$10 per year)

**Active:** Persons with a degree in soil science or closely associated field with equivalent credits or adequate experience to qualify for a soil scientist position and approval of the Executive Board

**Student:** Persons working toward a graduate or under-graduate degree in soil science and approval of the Executive Board

**Honorary:** Persons who NSPSS desires to honor because of outstanding contributions to the profession, state, or nation

**Affiliate:** One who does not qualify under any other category but desires to participate in the advancement of soil science
